NORTHERN TRIBUNE.

THURSDAY, APRIL 10, 1884

The following is clipped from the editorial columns of the *Shepherd of the Valley*, a Roman Catholic paper published in St. Louis, and the organ of the bishop of that diocese:

"We confess that the Roman Catholic Church is intolerant—that is to say, that it uses all the means in its power for the extirpation of heresy and sin; but this intolerance is the logical and necessary consequence of its infallibility. She alone has the right to be intolerant, because she alone has the truth. The church tolerates heretics where she is obliged to do so, but she hates them mortally, and employs all her force to secure annihilation. When the Catholics shall be here in possession of a considerable majority—which will certainly be the case by and by, although the time may be long deferred—then religious liberty will have to come to an end in the Republic of the United States. Our enemies say this and we believe them. Our enemies know that we do not pretend to be better than our church and in what concerns this, her history is open to the eyes of all. They know, then, how the Roman Church dealt with heretics in the middle ages, and how she deals with them to day, everywhere, where she has the power. We no more think of degrading these historic facts than we do of blaming the saints of God and the princes of the Church for what they have done or approved in these matters."

Worth Remembering.

Now that the good times are again upon us, it is worth remembering that no one can enjoy the pleasantest surroundings in bad health. There are hundreds of miserable people going about to-day with disordered stomach, liver or kidneys, when a bottle of Parker's Ginger Tonic would do them more good than all the medicines they have ever tried.

A Startling Discovery.

Mr. Wm. Johnson of Huron, Dak., writes that his wife had been troubled with acute Bronchitis for many years, and that all remedies tried gave no permanent relief until he procured a bottle of Dr. King's new discovery, which had a magical effect, and produced a permanent cure. It is guaranteed to cure all Diseases of the Throat, Lungs, or Bronchial Tubes.

Trial bottles free at I. S. Cooper's Drug store. Large size \$1.00.

An End to Bone-ache.

Edward Shepherd of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years! Doctors told me I would have the bone scraped or leg amputated. I used instead, three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and my leg is now sound and well."

Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c. per box by I. S. Cooper.
